**Routine Load Management has been implemented in KPK**

After a Loadshedding-FREE Ramazan and Eidul Fitr, Pesco has announced Commencement of routine load Management in Khyber Pakhtunkhwa, like in the other parts of the country as stated In a press release issued by Pesco today. It further stated that due to extensive hard work of Pesco staff and officers and on the special directives of Power Division, Federal and PROVINCIAL government, the PEOPLE of Khyber Pakhtunkhwa were able to witness loadshedding-free Ramazan and Eidul Fitr after a long time.

This was only possible due to the personal Supervision of Federal Minister for Power Division Umar Ayub Khan and Secretary Power Irfan Ali.

The press release added, now the usual load management has been started in Khyber Pakhtunkhwa, as in the other parts of country.

A large number of feeders in KP are having Zero load Management, while in the areas with higher line losses load Management will be in accordance to the percentage of their losses. Areas with less line losses will face lesser load Management

The press release also requested its consumers and Media not to consider the faults in electricity system as load shedding.

It also requested the Consumers to use electricity ECONOMICALLY as excessive heat has increased electricity consumption.

Pesco also requested

consumers to avoid use of kundas and other illegal means of power pilferage.

The Pesco has also made it clear that it will speed up its operation against power pilferers shortly. .
